OFFER FOR NEW SEMI-TRAILERS, PLATFORMS AND BATTERY VEHICLES (GAS BUNDLES) FOR TRANSPORTATION OF COMPRESSED NATURAL GAS (METHANE)

Dear Sirs,

My name is Lubo Ganev – manager of Remix Bulgaria LTD Company, which is exclusive agent for Bulgaria of the Italian companies **BRC** and **SICOM** for modular methane stations for motor vehicles with compressed natural gas (methane) and the company **DALMINE** manufacturing methane cylinders. I would like to present you an offer about new semi-trailers, platforms and gas bundles, assembled with **DALMINE** cylinders intended for transportation and storage of compressed at 200 bar natural gas (methane). All semi-trailers and battery vehicles manufactured by Remix Bulgaria LTD comply with all requirements and standards of Bulgaria and the EU and have an approved certificate for transport of gases under pressure and inflammable loads - ADR. All semi-trailers and battery vehicles are tested and legalized in Bulgaria and EU.

- 1. Variant 1/A. Three axle semi trailer ADR T PED SCHMITZ CARGOBULL type SPL 24/L-13.62 EB for transportation of sections of cylinders for compressed natural gas type BS 20 P200 – 5062 with dimensions length/width/height in cm – 1362/248/300 with installed 225 cylinders of the DALMINE brand each with capacity of 90 liters with dimensions: diameter 273 mm; length 1847 mm; weight 85 kg. horizontally connected in 5 groups (each with its own brake fixture) together with tronkets (tee-joints) and fittings for a steel tube Ø 12x2 equipped with brake and measuring fixture with a total volume of 5062,5 nm³. Weight with filled cylinders and trailer – 29000 kg. Very functional for middle and large scale industrial customers. Unit price with no VAT added: 120 000 Eur. Rent for one-year contract: price per month with no VAT added: 3 000, 00 Eur.**

2. **Variant 1/B. Three axle semi trailer ADR T PED SCHMITZ CARGOBULL type SPL 24/L-13.62 EB for transportation of sections of cylinders for compressed natural gas type BS 20 P200 – 5962 with dimensions length/width/height in cm – 1362/248/320 with installed 265 cylinders of the DALMINE brand each with capacity of 90 liters with dimensions: diameter 273 mm; length 1847 mm; weight 85 kg. horizontally connected in 5 groups (each with its own brake fixture) together with tronkets (tee-joints) and fittings for a steel tube Ø 12x2 equipped with brake and measuring fixture with a total volume of 5962,5 nm³. Weight with filled cylinders and trailer – 33000 kg. Very functional for middle and large scale industrial customers. Unit price with no VAT added: 135 000 Eur. Rent for one-year contract: price per month with no VAT added: 4 000 Eur.**
3. **Variant 1/C. Three axle semi trailer ADR T PED SCHMITZ CARGOBULL type SPL 24/L-13.62 EB for transportation of sections of cylinders for compressed natural gas type BS 20 P200 – 5782 with dimensions length/width/height in cm – 1362/248/320 with installed 257 cylinders of the DALMINE brand each with capacity of 90 liters with dimensions: diameter 273 mm; length 1847 mm; weight 85 kg. horizontally connected in 5 groups (each with its own brake fixture) together with tronkets (tee-joints) and fittings for a steel tube Ø 12x2 equipped with brake and measuring fixture with a total volume of 5782,5 nm³. Weight with filled cylinders and trailer – 32200 kg. Very functional for middle and large scale industrial customers. Unit price with no VAT added: 130 000 Eur. Rent for one-year contract: price per month with no VAT added: 3 800 Eur.**
4. **Variant 2/A. Battery vehicle – transportable, consisting of 6 cylinders of the DALMINE brand each with capacity of 90 liters with dimensions: diameter 273 mm; length 1847 mm; weight 85 kg. according to chart № XE00-5-E-300-n-1 vertically connected together with tronkets (tee-joints) and fittings for a steel tube Ø 8x1 equipped with brake and measuring fixture with a total volume of 135 nm³ and with dimensions in cm – 100x70x230. Weight with filled cylinders – 754 kg. It is possible to place up to 39 such batteries on a standard semi-trailer and to be unloaded individually. Very functional for household customers. Unit price with no VAT added: 3 000 Eur. Rent for one-year contract: price per month with no VAT added: 100 Eur.**
5. **Variant 2/B. Battery vehicle – transportable, consisting of 9 cylinders of the DALMINE brand each with capacity of 90 liters with dimensions: diameter 273 mm; length 1847 mm; weight 85 kg. according to chart № XE00-5-E-300-n-1 vertically connected together with tronkets (tee-joints) and fittings for a steel tube Ø 8x1 equipped with brake and measuring fixture with a total volume of 202 nm³ and with dimensions in cm – 100x100x230. Weight with filled cylinders – 1025 kg. It is possible to place up to 26 such batteries on a standard semi-trailer and to be unloaded individually. Very functional for household customers. Unit price with no VAT added: 4 500 Eur. Rent for one-year contract: price per month with no VAT added: 150 Eur.**
6. **Variant 2/C. Battery vehicle – transportable, consisting of 12 cylinders of the DALMINE brand each with capacity of 90 liters with dimensions: diameter 273 mm; length 1847 mm; weight 85 kg. according to chart № XE00-5-E-300-n-1 vertically connected together with tronkets (tee-joints) and fittings for a steel tube Ø 8x1 equipped with brake and measuring fixture with a total volume of 270 nm³ and with dimensions in cm – 130x100x230. Weight with filled cylinders – 1390 kg. It is possible to place up to 20 such batteries on a standard semi-trailer and to be unloaded individually. Very functional for household customers. Unit price with no VAT added: 5 500 Eur. Rent for one-year contract: price per month with no VAT added: 200 Eur.**
7. **Variant 2/D. Battery vehicle – transportable, consisting of 16 cylinders of the DALMINE brand each with capacity of 90 liters with dimensions: diameter 273 mm; length 1847 mm; weight 85 kg. according to chart № XE00-5-E-300-n-1 vertically connected together with tronkets (tee-joints) and fittings for a steel tube Ø 8x1 equipped with brake and measuring fixture with a total volume of 360 nm³ and with dimensions in cm – 130x130x230. Weight with filled cylinders – 1802 kg. It is possible to place up to 10 such batteries on a standard semi-trailer and to be unloaded individually. Very functional for household customers. Unit price with no VAT added: 7 000 Eur. Rent for one-year contract: price per month with no VAT added: 300 Eur.**

8. **Variant 2/E. Battery vehicle – stationery, consisting of 53 cylinders of the DALMINE brand each with capacity of 90 liters** with dimensions: diameter 273 mm; length 1847 mm; weight 85 kg. according to chart № XE00-5-E-300-n-1 horizontally connected together with tronkets (tee-joints) and fittings for a steel tube Ø 12x2 equipped with brake and measuring fixture with a total volume of **1192,5 nm³** and with dimensions in cm – 194x238x196. Weight with filled cylinders – 5800 kg. It is possible to place up to 5 such batteries on a standard semi-trailer or to place together or individually on platforms, trucks, trailers and others. It may be used for an additional stationary depository for by-pass aiming to avoid interruption in gas supply at charging of semi-trailers used at sites, supplied with compressed natural gas. **Very functional for middle and large scale industrial customers. Unit price with no VAT added: 30 000 Eur.** Rent for one-year contract: **price per month with no VAT added: 1 000 Eur.**
9. **Variant 3/A. Four legs BDF Platform SCHMITZ CARGOBULL type WCS 7.45** for transportation of sections of cylinders for compressed natural gas type **BS 20 P200 – 2565 with dimensions length/width/height in cm – 745/248/250 with installed 114 cylinders of the DALMINE brand each with capacity of 90 liters** with dimensions: diameter 273 mm; length 1847 mm; weight 85 kg. horizontally connected in 3 groups (each with its own brake fixture) together with tronkets (tee-joints) and fittings for a steel tube Ø 12x2 equipped with brake and measuring fixture with a total volume of **2565 nm³**. Weight with filled cylinders and platform – 14000 kg. **Very functional for middle and large scale industrial customers. Unit price with no VAT added: 60 000 Eur.** Rent for one-year contract: **price per month with no VAT added: 1 500 Eur.**

Remix Bulgaria LTD uses three axles' semi-trailer **ADR T PED** and platform manufactured by **SCHMITZ CARGOBULL** and installs the batteries of cylinders in its base in Sofia city. The guarantee term is **12 (twelve) months** for the cylinder installation, attached on the semi-trailer or individually, **24 (twenty-four) months** full guarantee of the semi-trailer (manufactured by SCHMITZ CARGOBULL), **10 (ten) years** guarantee against corrosion of the frame, **6 (six) years or one million kilometers** run of the drive mechanism.

In the above installments new cylinders for methane, manufactured by DALMINE according to Directive 99/36/EU and EN 1964-1 (TPED) – used for transportation of compressed natural gas, are used. The indicated directives and standards refer to cylinders, designed for transportation and storage of compressed natural gas in battery vehicles and/ or installed on vehicles for transportation of natural gas (semi-trailers, platforms, trucks and others). A DALMINE cylinder with a capacity of 90 liters with dimensions: diameter 273 mm; length 1847 mm; weight 85 kg. according to chart № XE00-5-E-300-n-1. Operation pressure– 200 bar. Outlet vent with carving W28,8 DIN 477.

The experience of Remix Bulgaria LTD in the utilization and manufacturing of semi-trailers, gas bundles and battery vehicles – stationary and installed on vehicles – shows the economic profitability from the utilization of larger in volume cylinders to cut the costs for additional materials, necessary for the connection of bottles in the battery (less taps and tee-joints, fittings, tubes and fixing elements). Furthermore, with larger in volume cylinders a better ratio in price/liter is achieved and less expenses are made for cylinder technical examination, which is mandatory each 5 years.

The semi-trailers will be delivered with Declaration of conformity (TPED 99/36/CE, EN 1964-1), International ADR Certificate, Passport and Registration Certificate as Special Vehicle.

For any further information you can contact me at tel. **+359-888-330053** or at my office tel/fax: **+359-2-8629057** or **+359-2-9745012**.
